## Welding machines for steel cord

- Precise mechanics
- Programmable controller
- Strength of at least 40% of the original material
- Flash-free welding for most cord setups

## Parting guns for steel cord

The molten ends avoid any fanning out of the single wires

| Type                     |               | BTZ       | TZ        | TZ 4      |
